

Kenya Showcases Climate-Security Model at African Climate Summit in Addis Ababa

BYIRENE AGUM (PCO)

Kenya has positioned itself at the forefront of linking climate change to national security, unveiling an innovative model that embeds climate resilience at the grassroots level during the Second African Climate Summit (ACS -2) taking place in Addis Ababa, Ethiopia.

Dr. Raymond Omollo, the Principal Secretary in the State Department for Internal Security, spoke on the sidelines of the Africa Climate Summit where he highlighted the Kenya's National Climate Change Security Resilience Programme (NCCSRP) as a groundbreaking program that combines environmental protection with governance and peacebuilding.

"Climate change is no longer a distant environmental concern; it has evolved into the defining security challenge of our time, threatening livelihoods, fueling conflicts over scarce resources, destabilizing economies, and undermining peace within and across our borders," Dr. Omollo told delegates.

Launched under the leadership of President William Ruto, the NCCSRP has placed Kenya's 4,000 Chiefs and National Government Administrative Officers at the heart of climate response.

Through the programme's flagship initiative, Chiefs Climate Action Day, administrators mobilize their communities on the first Friday of every month to plant trees, restore landscapes, and promote environmental stewardship.

Since its inception less than a year ago, the programme has recorded remarkable progress: over 114 million trees have been planted thereby, contributing to Kenya's National Tree Growing Restoration Campaign, which targets 15 billion trees by 2032.

In this program, more than 2 million citizens have been mobilised nationwide for the tree planting exercises with 6.4 million seedlings distributed, achieving a 60% survival rate as the community is charged with taking care of the planted trees, including those within their respective homesteads. Dr. Omollo indicated that these achievements had been made possible without external funding, underscoring the power of community-driven climate action.

"This is living proof that community-driven action works, with the right investment, it can be scaled not only across Kenya but throughout the IGAD region and the African continent," Dr. Omollo said.

In addition to tree planting, the NCCSRP facilitates the resolution of climate-induced conflicts among the communities. Chiefs and administrators are required to arbitrate conflicts and will use community-wisdom and intelligence to support early warning systems.

Dr. Omollo outlined the programme's guiding philosophy, built on three pillars: climate action must be locally owned yet nationally coordinated; resilience is strongest when built from the bottom up, from villages, locations, and the entire communities; chiefs, with their convening power and trusted position, are invaluable 'force multipliers' for peace and sustainable development.

Speaking on regional partnerships and innovation, Dr. Omollo stated that the country's collaboration with IGAD and the IGAD Climate Prediction and Applications Centre (ICPAC) remained central to building capacity for local officers. This had been achieved through the introduction of a specialised Climate, Peace, and Security Curriculum and a Digital Decision Support Framework, a mobile platform that allows Chiefs to report and monitor climate actions in real time.

MINISTRY OF AGRICULTURE & LIVESTOCK DEVELOPMENT STATE DEPARTMENT FOR LIVESTOCK DEVELOPMENT

KENYA LIVESTOCK COMMERCIALIZATION PROJECT (KeLCoP)

GENERAL PROCUREMENT NOTICE (GPN)

Government of:	Kenya
Project/procuring entity:	Kenya Livestock Commercialization Project (KeLCoP)
GPN version:	4.0
GPN publication date:	16th September 2025

The Government of Kenya (GoK) has received financing from the International Fund for Agricultural Development (IFAD) towards the cost of Kenya Livestock Commercialization Project (KeLCoP) and intends to apply part of the financing to payments for contracts for goods, works and services.

The procurement program for the upcoming period, 1st July 2025 to 30th June 2026 will include the following procurements under open competitive bidding procedures:

No.	Procurement of goods to include:
1.	Procurement of 1050 bags of organic planting fertilizer and 1050 bags of organic top-dressing fertilizer
2.	Procurement of Service provider for Staff medical Insurance cover for Project Management and Coordination Unit (PMCU) Staff
3.	Procurement of 65 Microsoft 365 license-Microsoft 365 Business Standard Suite for PMCU and Counties
4.	Procurement of breeding stock : 210 Dorper Sheep Ewes 80 Dorper Sheep Rams 220 gala goats does 80 Gala bucks 180 dairy goats does 80 dairy goat bucks
5.	Provision of Minor repair and services for motor vehicles as and when need arises for PMCU and Project Counties
6.	Provision of Conference facilities as and when need arises for PMCU and Counties
7.	Procurement of 800 beehives and 32 honey harvesting kits for Indigenous Persons (IP) Communities
8.	Procurement of assorted pastures and trees seeds and seedlings: 4700 Kgs of Cencus ciliaris, 1200 Boma Rhodes grass seeds, 600kgs of Brachalia seeds, 5000 Fruit tree seedlings and 40,000 tree seedlings
9.	Procurement of a service provider for the establishment of 8 Tree nurseries for the 8 Indigenous Persons (IP) Communities
10.	Provision of internet connection for PMCU
11.	Procurement of a service provider to establish Kitchen gardens in the four ASAL Counties of Samburu, Marsabit, Baringo and Elgeyo Marakwet as follows:- 24000m ² Shade nets with supporting structure, 1000 Cone gardens, 1000 Vertical garden bags 1000 of 500 litres water tanks with stand, 400 Drip kits including installation charges and Assorted planting materials

No.	Procurement of works to include:
1.	Drilling and equipping of Lower Kabergei Borehole at Kisanana Ward in Baringo County
2.	Drilling and equipping of Chepirmogh Borehole at Loyamorok ward in Baringo County
3.	Drilling and equipping of Barngelech Borehole at Marigat ward in Baringo County
4.	Drilling and equipping of Sudi market Borehole at Bukembe ward in Bungoma County
5.	Drilling and equipping of Nyange market Borehole at Naitiri/Kabuyefwe ward in Bungoma County
6.	Drilling and equipping of Dir Urgo Community Borehole at Sagante/Jaldesa ward in Marsabit County
7.	Drilling and equipping of Badan Arero Community Borehole at Golbo ward in Marsabit County

No.	Procurement of works to include:
8.	Drilling and equipping of Dienya Chief's Camp Borehole at West Gem ward in Siaya County
9.	Drilling and equipping of Mwitsa Community Borehole at Isukha Central ward in Kakamega County
10.	Drilling and equipping of Lufad Cooperative Borehole at Lumakanda ward in Kakamega County
11.	Drilling and equipping of solar-powered boreholes at Muskut Livestock Sale yard in Soy North ward in Elgeyo Marakwet County
12.	Drilling and equipping of solar-powered borehole at Aram Livestock Sale yard in North Uyoma ward in Siaya County
13.	Construction of livestock sale yards at Muskut at Soy North ward in Elgeyo Marakwet
14.	Construction of livestock sale yards at Aram market in North Uyoma ward in Siaya County
15.	Construction of livestock sale yards at Kargi in Kargi/Soth Horr ward in Marsabit County
16.	Construction of solar powered water pan at Laki at Golbo Ward in Marsabit County
17.	Construction of solar powered water pan at Sagante /Jaldeza in Marsabit County
18.	Construction of solar powered water pan at Nambuku ward - Nambo-boto in Busia County
19.	Construction of slaughterhouse and equipping at Koriema in Marigat ward in Baringo County
20.	Construction of slaughterhouse and equipping at Jirime in Marsabit Central ward in Marsabit County
21.	Construction of slaughter house and equipping at Maoi in Marigat ward in Baringo County
22.	Construction of Feed storage Facility at Jiru Dansa Women group in Sagante/Jaldeza ward Marsabit County
23.	Construction of Feed storage Facility at Biftu Cultural group in Marsabit County
24.	Construction of Feed storage Facility in Samburu County

No.	Procurement of consulting services to include:
1.	Grant oversight service provider to support grant administration
2.	Program Development and Partnership Expert to support the Office of the Cabinet Secretary
3.	A service provider to administer the e-voucher system and Capacity building of implementers on administration and management of e-voucher

Contracts for goods, works and services will be implemented according to the principles, rules and procedures set out in the Kenya Public Procurement and Asset Disposal Act 2015 and its attendant Regulations amended from time to time, current versions of the IFAD Project Procurement Guidelines and IFAD Procurement Handbook.

Specific procurement notices for contracts to be tendered under the competitive bidding procedures will be announced as they become available on selected portals, in local newspapers, and other media outlets as appropriate.

Interested eligible bidders and consultants who wish to be included on the mailing list to receive a copy of advertisements, or those requiring additional information, should send an email to the Project Coordinator, Kenya Livestock Commercialization Project (KeLCoP), pmcu.kelcop@gmail.com or pmcu@kelcop.or.ke using the subject line "GPN version 4.0 for Kenya Livestock Commercialization Project (KeLCoP) and indicating which of the procurement items they are interested in.
