12. Proposal Validity

a. Proposal Validity Period

- 12.1 The Data Sheet indicates the period during which the Consultant's Proposal must remain valid after the Proposal submission deadline.
- 12.2 During this period, the Consultant shall maintain its original Proposal without any change, including the availability of the Key Experts, the proposed rates and the total price.
- 12.3 If it is established that any Key Expert nominated in the Consultant's Proposal was not available at the time of Proposal submission or was included in the Proposal without his/her confirmation, such Proposal shall be disqualified and rejected for further evaluation and may be subject to sanctions in accordance with IT C5.

b. Extension of Validity Period

- 12.4 The Procuring Entity will make its best effort to complete the negotiations within the proposal's validity period. However, should the need arise, the Procuring Entity may request, in writing, all Consultants who submitted Proposals prior to the submission deadline to extend the Proposals' validity.

- 12.7 If any of the Key Experts become unavailable for the extended validity period, the Consultant shall provide a written adequate justification and evidence satisfactory to the Procuring Entity together with the substitution request. In such case, a replacement Key Expert shall have equal or better qualifications and experience than those of the originally proposed Key Expert. The technical evaluations core, however, will remain to be based on the evaluation of the CV of the original Key Expert.

- 12.8 If the Consultant fails to provide a substitute Key Expert with equal or better qualifications, or if the provided reasons for the replacement or justification are unacceptable to the Procuring Entity, such Proposal will be rejected.

c. Sub-Contracting

- 12.9 The Consultant shall not subcontract the whole or part of the Services without reasonable justification and written approval of the Procuring Entity.

13. Clarification and Amendment of RFP

Should the Procuring Entity deem it necessary to amend the RFP as a result of a clarification, it shall do so following the procedure described below:
- 13.2 At any time before the proposal submission deadline, the Procuring Entity may amend the RFP by issuing an amendment in writing or by standard electronic means. The amendment shall be sent to all invited Consultants and will be binding on them. The Consultants shall acknowledge receipt of all amendments in writing.
- 13.3 If the amendment is substantial, the Procuring Entity may extend the proposal submission deadline to give the Consultants reasonable time to take an amendment into account in their Proposals.
- 13.4 The Consultant may submit a modified Proposal or a modification to any part of it at any time prior to the proposal submission deadline. No modifications to the Technical or Financial Proposal shall be accepted after the deadline.

14. Preparation of Proposals—Specific Considerations

- 14.1 While preparing the Proposal, the Consultant must give particular attention to the following:
- (a) If a Consultant considers that it may enhance its expertise for the assignment by associating with other consultants in the form of a Joint Venture or as Sub-consultants, it may do so on the condition that only one Proposal is submitted, in accordance with ITC 11. Above. A Consultant cannot associate with shortlisted Consultant(s). When associating with non-shortlisted/non-invited firms in the form of a joint venture or a sub-consultancy, the shortlisted/invited Consultant shall be a lead member. If shortlisted/invited Consultant associates with each other, any of them can be a lead member.
 - (b) The Procuring Entity may indicate in the Data Sheet the estimated amount or Key Experts' time input (expressed in person-month), or the Procuring Entity's estimated total cost of the assignment, but not both. This estimate is indicative and the Proposal shall be based on the Consultant's own estimates for the same. This clause shall not apply when using Fixed Budget selection method.
 - (c) For assignments under the Fixed-Budget selection method, the estimated Key Experts' time input shall not be disclosed. Total available budget, with an indication whether it is inclusive or exclusive of taxes, is given in the Data Sheet, and the Financial Proposal shall not exceed this budget.
 - d) Key Experts shall not appear in more than one proposal unless so allowed in the Data Sheet. Invited firms must confirm and ensure their Key experts do not appear in proposal of other invited firms, otherwise proposals with Key experts appearing in other proposals will be rejected.

15. Technical Proposal Format and Content

- 15.1 The Technical Proposal shall be prepared using the Standard Forms provided in Section 3 of the RFP and shall comprise the documents listed in the Data Sheet under ITC 10.1. The

Technical Proposal shall not include any financial information. A Technical Proposal containing material financial information shall be declared non-responsive.

- 15.2 Consultant shall not propose alternative Key Experts. Only one CV shall be submitted for each Key Expert position. Failure to comply with this requirement will make the Proposal non-responsive.

16. Financial Proposal

- 16.1 The Financial Proposal shall be prepared using the Standard Forms provided in Section 4 of the RFP. It shall list all costs associated with the assignment, including (a) remuneration for Key Experts and Non-Key Experts, (b) reimbursable expenses indicated in the Data Sheet. Irrespective of the consultant selection method, any Consultant that does not submit itemized and priced financial proposal, or merely refers the Procuring Entity to other legal instruments for the applicable minimum remuneration fees shall be considered non-responsive.

Purpose

the government of Kenya's Anti-Corruption and Economic Crime laws and their sanction's policies and procedures, Public Procurement and Asset Disposal Act (*no. 33 of 2015*) and its Regulation, and any other Kenya's Acts or Regulations related to Fraud and Corruption, and similar offences, shall apply with respect to Public Procurement Processes and Contracts that are governed by the laws of Kenya.

FORM FIN 3D: BREAKDOWN OF REMUNERATION RATES [FOR TIME BASED CONTRACTS ONLY]

1. Review of Remuneration Rates

- 1.1 The remuneration rates are made up of salary or a base fee, social costs, overheads, profit, and any premium or allowance that may be paid for assignments away from headquarters or a home office. Form FIN3 C can be used to provide a breakdown of rates.
- 1.2 The Form FIN 3C shall be completed and attached to the Financial Form-3. As agreed at the negotiations, breakdown sheets shall form part of the negotiated Contract and included in its Appendix D or C.
- 1.3 At the negotiations the firm shall be prepared to disclose its audited financial statements for the last three years, to substantiate its rates, and accept that its proposed rates and other financial matters are subject to scrutiny. The Procuring Entity is charged with the custody of government funds and is expected to exercise prudence in the expenditure of these funds.

2 Rate details are discussed below:

- (i) Salary is the gross regular cash salary or fee paid to the individual in the firm's home office. It shall not contain any premium for work away from headquarters or bonus, except where these are included bylaw or government regulations.
- (ii) Bonuses are normally paid out of profits. To avoid double counting, any bonuses shall not normally be included in the "Salary" and should be shown separately. Where the Consultant's accounting system is such that the percentages of social costs and overheads are based on total revenue, including bonuses, those percentages shall be adjusted downward accordingly. Where national policy requires that 13 months' pay be given for 12 months' work, the profit element need not be adjusted downward. Any discussions on bonuses shall be supported by audited documentation, which shall be treated as confidential.
- (iii) Social Charges are the costs of non-monetary benefits and may include, inter alia, social security (including pension, medical, and life insurance costs) and the cost of a paid sick and/or annual leave. In this regard, a paid leave during public holidays or an annual leave taken during an assignment if no Expert's replacement has been provided is not considered social charges.
- (iv) Cost of Leave The principles of calculating the cost of total days leave per annum as a percentage of basic salary is normally calculated as follows:

$$\frac{\text{total days leave} \times 100}{\text{basic salary}}$$

Leave cost as percentage of salary =

Where w = weekends, ph = public holidays, v = vacation, and s = sick leave.

Please note that leave can be considered as a social cost only if the Procuring Entity is not charged for the leave taken.

- (v) Overheads are the Consultant's business costs that are not directly related to the execution of the assignment and shall not be reimbursed as separate items under the Contract. Typical items are home office costs (non-billable time, time of senior Consultant's staff monitoring the project, rent of headquarters' office, support staff, research, staff training, marketing, etc.), the cost of Consultant's personnel not currently employed on revenue-earning projects, taxes on business activities, and business promotion costs. During negotiations, audited financial statements, certified as correct by an independent auditor and supporting the last three years' overheads, shall be available for discussion, together with detailed lists of items making up the overheads and the percentage by which each relates to basic salary. The Procuring Entity does not accept an add-on margin for social charges, overhead expenses, etc. for Experts who are not permanent employees of the Consultant. In such case, the Consultant shall be entitled only to administrative costs and a fee on the monthly payments charged for sub-contracted Experts.
- (vi) Profit is normally based on the sum of the Salary, Social costs, and Overheads. If any bonuses paid on a regular basis are listed, a corresponding reduction shall be made in the profit amount. Profit shall not be allowed on travel or any other reimbursable expenses.
- (vii) Away from Home Office Allowance or Premium or Subsistence Allowances Some Consultants pay allowances to Experts working away from headquarters or outside of the home office. Such allowances are calculated as a percentage of salary (or a fee) and shall not draw overheads or profit. Sometimes, by law, such allowances may draw social costs. In this case, the amount of this social cost shall still be shown under social costs, with the net allowance shown separately.

FORM FIN-4 BREAKDOWN OF REIMBURSABLE

When used for Lump-Sum contract assignment, information to be provided in this Form shall only be used to demonstrate the basis for calculation of the Contract ceiling amount, to calculate applicable taxes at contract negotiations and, if needed, to establish payments to the Consultant for possible additional services requested by the Procuring Entity. This form shall not be used as a basis for payments under Lump-Sum contracts. This form shall be filled for Time-Based Contracts to form the basis of contract negotiations.

SECTION 5. TERMS OF REFERENCE (ToRs)

TERMS OF REFERENCE FOR CONSULTANCY FOR DELIVERY OF SCHOOL BASED TEACHER SUPPORT SYSTEM (SBTSS) FOR ENGLISH SUBJECT CONTENT AND PEDAGOGY TO GRADES 1,2,3,4,5,6 AND JUNIOR SCHOOL FOR GRADES 7, 8 AND 9 TEACHERS OF ENGLISH IN 47 COUNTIES AND REFUGEE CAMP-BASED SCHOOLS

1. BACKGROUND

- 1.1 The Government of Kenya (GoK) through the Ministry of Education and The National Treasury have initiated the Secondary Education Equity and Quality Improvement Program (SEEQIP) to improve equitable access to quality secondary education, and strengthen systems. This is in line with the aspirations of Kenya's Vision 2030. The Vision's Social Pillar singles out the education and training system as a vehicle to drive Kenya's efforts towards becoming an upper-middle income economy.
- 1.2 Learning outcomes in secondary education are improving but remain low. For example, in 2022, out of nearly 880,000 students who sat for the Kenya Certificate of Secondary Education (KCSE), only 13 percent and 4 percent obtained a C+ (average mean grade) or higher in English and Mathematics, respectively. As with other assessments, national averages mask disparities across Counties, especially when adjusting for the out-of-school students who didn't sit for the KCSE. Regarding refugee learners in secondary education, learning outcomes are very low, with only 3 percent of KCSE candidates achieving a mean grade of C+.
- 1.3 The SEEQIP program aligns with the Government of Kenya's refugee policy priorities. This initiative aims to foster social and economic development opportunities for both refugees and their host communities and follows Kenya's IDA20 WHR Strategy Note, emphasizing key areas such as supporting devolution, addressing educational needs as outlined in the forthcoming Shirika Plan, and integrating refugees into the national education system, as highlighted in the 'Education and Training Strategy for Refugees and Host Communities in Kenya (2023-2027)'.
- 1.4 The program will be financed through Performance for results (PforR) and Investment Project Financing (IPF). This new PforR, building on PEELP, aims to address gaps in secondary education under the NESSP II, marking the second application of PforR in Kenya's education sector, and an enhanced focus on results and critical education outcomes. The combination of PforR with IPF Technical Assistance (TA) is strategic, addressing government TA needs and implementing results-driven actions as detailed in Annex 5, IPF Component.

2. PROJECT DESCRIPTION

The Program Development Objective (PDO) is to improve equitable access to quality secondary education, and strengthen systems. Progress towards the PDO will be measured through the following PDO indicators:

- a) Retention rate of learners in Junior Schools in target Counties (Percentage, disaggregated by gender, refugees, and host communities).
- b) Average learner test score in integrated Science, Mathematics and English at Junior School, Grade 8, in target Counties. (Sub-indicators included on subject-specific baselines and targets for test scores by each subject, and disaggregated by boys/girls, refugees, and host communities).

- c) Improved alignment of the basic education system towards learning and its monitoring.

Overall, implementation of the proposed program will be the responsibility of the Ministry of Education (MoE). Result area 2 of the program: Improve teaching quality in Junior School, will be implemented jointly by MOE and TSC. The Disbursement Linked Indicator (DLI) under the Result Area 2, Improvement in quality of teaching in Junior School, including camp based refugee Junior Schools is further divided into three Disbursement Linked Results (DLRs) namely: a) SBTSS design and operational plan reviewed in line with the baseline results for teachers' performance gaps in SME JS, b) Increase in the share of target JS teachers achieving pedagogical proficiency in teaching in SME and c) Approval of a comprehensive strategy and implementation plan for deployment of surplus teachers to schools with the highest teacher shortage. TSC will implement **DLRs (a) and (b)**.

The program has three Result Areas, namely:

- a) RA 1: Expand equitable access to quality Secondary Education.
- b) RA 2: Improve teaching quality in Junior School.
- c) RA 3: Strengthen Systems for Equitable Service Delivery in Secondary Education.

Result Area two has three DLRs:

- i. SBTSS design and operational plan reviewed in line with the baseline results for teachers' performance gaps in SME JS,
- ii. Increase in the share of target JS teachers achieving pedagogical proficiency in teaching in SME; and
- iii. Approval of a comprehensive strategy and implementation plan for deployment of surplus teachers to schools with the highest teacher shortage.

These Terms of Reference apply to DLRs (i) and (ii).

3. OBJECTIVE OF THE ASSIGNMENT

This activity is based on results based financing modality. The institution will therefore be required to support the TSC in collection and validation of the required data for the relevant Disbursement Linked Results (DLRs) and relevant indicators in the program's results framework. (see annex 1 of this ToRs).

4. DURATION OF THE ASSIGNMENT AND WORK PLAN

The assignment will be undertaken over a three-year period from the commencement date in the contract (2026-2029), and will have a total duration of 12 months per year. A performance review of the selected institution will be conducted after each year. Remedial actions agreed upon must be executed within the agreed timelines, otherwise a contract termination will be considered. A payment schedule against major milestones will be agreed upon during contract negotiations and before contract finalization.

5. SCOPE OF WORK AND DELIVERABLES

The main task of this assignment involves the formulation and support of the delivery of an elaborate program for SBTSS for the English subject for JS (including special schools) and grades 1,2,3,4,5,6 (including special schools) teachers in 47 counties including refugee camp-based schools.

S/No	School Level	No. of English Teachers	No. of Counties

iv.	Camp Based Junior Schools Grade 7, 8 and 9 (Including Special Schools)	50	2 (Turkana, Garissa)

A third-party institution (independent verifier), will be recruited to independently review, analyze and verify, on a sample basis, the project's DLRs associated with this activity.

5.1 Task 1: Development of a School based Teacher Support System (SBTSS) to support peer learning using Information, Communication Technology for teachers of English in JS Grade 7, 8 & 9 and grades 1,2,3,4,5 6.

Under this task, the institution is expected to:

- a) Formulate a detailed proposal/ inception report, for SBTSS program for discussion with TSC. The institution will only proceed with this task once the overall proposal is agreed upon with TSC.
- b) Prepare an elaborate program for the SBTSS for teachers of JS in 47 Counties including refugee camps. The program, as a minimum, **MUST** take **EACH** of the following aspects into account:
 - i. Based on the identified needs develop teachers support materials, simplified teaching aids and other relevant instructional materials, and sample continuous student assessment tools. Existing and relevant teacher training materials, including digital materials developed in Kenya by various partners could be assessed and adapted as necessary.

- ii. An English subject matter expert panel will be constituted by TSC to review and approve the proposed materials before production and utilization. Any materials produced must be adapted for special needs education. The support materials will include e-learning materials, adequate samples of formative assessment tools to guide learners' progress, teachers' guides with learning resources related to each lesson, and a range of suggested activities that teachers can use to guide learners' practice. This will be within the established Curriculum.
 - iii. The institution will be expected to train the facilitators using materials and assessment tools reviewed and approved by subject matter panels. Where the workload requires it, they will be complemented by additional resource persons.
- c) Develop and implement a program to promote peer learning, Teachers' pedagogic support, including assistance on Competency Based Curriculum (CBC), inquiry-based learning approaches for teaching English subject and integration of ICT in teaching and learning, and using technology for peer learning. - iv. To encourage peer learning, the institution will support the facilitators/trainers to assist participating teachers in establishing professional learning community/groups such as WhatsApp, google groups etc. Participating teachers will learn how to address and solve issues through collaboration, how to share knowledge and experience among them, and how to leverage this social group effectively to improve their lesson plans and pedagogic approaches. Facilitators will oversee and moderate the WhatsApp groups to ensure relevance and effectiveness.
 - v. SBTSS training will be provided for about 26,000 Junior school teachers of English and 121,780 for grades 1,2,3,4,5 6 in 47 Counties including 250 and 50 teachers of English for JS and grades 1.2,3,4,5,6 respectively in refugee Camp-based schools. The duration of each training event will vary depending on the skills and competencies identified based on the training needs assessment. Each training event will be followed by a series of coaching and mentoring visits to the targeted schools by the facilitator/trainers. The scope of the coaching and mentoring will be identified and outlined by each facilitator/trainer working

SECTION 6. CONDITIONS OF CONTRACT AND CONTRACT FORMS

Preface

1. This Section includes two types of standard contract forms for: A Lump-Sum Contract and a Time-Based Contract. Each type includes General Conditions of Contract ("GCC") that shall not be modified, and Special Conditions of Contract ("SCC"). The SCC includes clauses specific to each contract to supplement, but not over- write or otherwise contradict, the General Conditions of Contract.
2. Lump-Sum Contract. This type of contract is used mainly for assignments in which the scope and the duration of the Services and the required output of the Consultant are clearly defined. Payments are linked to outputs (deliverables) such as draft or final reports, drawings, bill of quantities, bidding documents, or software programs. Lump-sum contracts are easier to administer because they operate on the principle of a fixed price for a fixed scope, and payments are due on clearly specified out puts and milestones. Nevertheless, quality control of the Consultant's outputs by the Procuring Entity is paramount.
3. Time-Based Contract. This type of contract is appropriate when it is difficult to define or fix the scope and the duration of the services, either because they are related to activities carried out by others for which the completion period may vary, or because the input of the consultants required for attaining the objectives of the assignment is difficult to assess. In time-based contracts the Consultant provides services on a timed basis according to quality specifications, and Consultant's remuneration is determined on the basis of the time actually spent by the Consultant in carrying out the Services and is based on (i) agreed upon unit rates for the Consultant's experts multiplied by the actual time spent by the experts in executing the assignment, and (ii) reimbursable expenses using actual expenses and/or agreed unit prices. This type of contract requires the Procuring Entity to closely supervise the Consultant and to be involved in the daily execution of the assignment.
4. The templates are designed for use in assignments with consulting firms and shall not be used for contracting of individual experts. In some consultancy assignments such as design and construction supervision, both Lump- Sum and Time-Based Contracts are used and signed with the Consultant. In that case, the Lump-Sum Contract would apply for the design part of the Services while the construction supervision part would be based on a Time- Based Contract. In such event, both types of contracts shall be signed at the same time

PREFACE

This Section includes a Time-Based Contract. It includes General Conditions of Contract (“GCC”) that shall not be modified, and Special Conditions of Contract (“SCC”). The SCC include clauses specific to each contract to supplement, but not over-write or otherwise contradict, the General Conditions of Contract.

Time-Based Contract. This type of contract is appropriate when it is difficult to define or fix the scope and the duration of the services, either because they are related to activities carried out by others for which the completion period may vary, or because the input of the consultants required for attaining the objectives of the assignment is difficult to assess. In time-based contracts the Consultant provides services on a timed basis according to quality specifications, and Consultant's remuneration is determined on the basis of the time actually spent by the Consultant in carrying out the Services and is based on (i) agreed upon unit rates for the Consultant's experts multiplied by the actual time spent by the experts in executing the assignment, and (ii) reimbursable expenses using actual expenses and/or agreed unit prices. This type of contract requires the Procuring Entity to closely supervise the Consultant and to be involved in the daily execution of the assignment.

The template is designed for use in assignments with consulting firms and shall not be used for contracting of individual experts. In some consultancy assignments such as design and construction supervision, both Lump-Sum and Time- Based Contracts are used and signed with the Consultant. In that case, the Lump-Sum Contract would apply for the design part of the Services while the construction supervision part would be based on a Time-Based Contract. In such event; both types of contracts shall be signed at the same time.

In case a Time-Based Contract is not used, please delete the contract template for time-based contract before issuance of the RFP to Consultants.

¹The Guarantor shall insert an amount representing the amount of the advance payment and denominated either in the currency (ies) of the advance payment as Specified in the Contract, or in a freely convertible currency acceptable to the Procuring Entity.

²Insert the expected expiration date. In the event of an extension of the time for completion of the Contract the Procuring Entity would need to request an extension of This guarantee from the Guarantor. Such request must be in writing and must be made prior to the expiration date established in the guarantee. In preparing this guarantee, the Procuring Entity might consider adding the following text to the form, at the end of the pen ultimate paragraph: “The Guarantor agrees to a one-time extension of this guarantee for a period not to exceed [six months] [one year], in response to the Procuring Entity's written request for such extension, such request to be presented to the Guarantor before the expiry of the guarantee.”
